
Event: [EXERCISE] Coalition Surge Test - Hospital Evacuation

Comments

Added: 5/3/2018 12:47 PM Current Emergency plan in place. Staff notified. Patients/caregivers contacted and made aware of impending hurricane and preparations to be made ahead of time. Stock up on emergency supplies.
Creator: Worrell, Annette Have a plan in place if evacuation is needed. Local first responders/city emergency management agency made aware of 2 patients and their demographics that would need assistance with evacuation if need be. Monitoring National weather service for further updates.
